Organization	Contact	Website	Mission
Citizens Climate Lobby (CCL)	Linda Lancaster southshoremass@citizensclimatelobby.org	www.citizensclimatelobby.org	The Citizens Climate Lobby is a nonpartisan, non-profit volunteer organization that advocates for policies that will reduce America's polluting carbon emissions as quickly and equitably as possible.
Climate Action/Net Zero Decarbonization Plan Advisory Committee (CANZ)	Judy Savage savagejudym@gmail.com		A town appointed advisory committee to begin exploring equitable climate adaptation actions and greenhouse gas emission reduction strategies in sectors such as municipal, commercial and residential buildings, transportation, energy systems and land use.
Community Preservation Committee (CPC)	Bill Keohan billkeohan@gmail.com	www.plymouth-ma.gov/community-preservation-committee	The Community Preservation Committee enacts the regulations of the Community Preservation Act (MGL Chapter 44B). The Act mandates that a committee be formed to oversee these funds and create an application procedure to determine which applications for funding will be brought to Town Meeting for approval. A minimum of 10% of the funds must be allocated to affordable housing, 10% to historic preservation and 10% to land conservation.
Friends of Ellisville Marsh	Eric Cody Friendsofellisvillemarsh@gmail.com	www.ellisvillemarsh.org	The Mission of the Friends of Ellisville Marsh, Inc., is to support and maintain the ecosystem balance in Ellisville Marsh, relying on natural processes to the greatest extent possible.

Organization	Contact	Website	Mission
Herring Ponds Watershed Association	Don Williams donald_r_williams2003@gmail.com	www.theherringpondswatershed.org	The Herring Ponds Watershed includes 4,450 acres of land, including eleven ponds. We work to preserve all key habitats, and open space. We monitor water quality and flows in our ponds, and strive to educate citizens about sustainable watershed living.
Living Observatory	Glorianna Davenport glorianna@livingobservatory.org	www.livingobservatory.org	Living Observatory (LO) is a public interest learning collaborative of scientists, artists, and wetland restoration practitioners engaged in the documenting, interpreting, and revealing the arc of change as it occurs prior to, during, and following the ecological wetland restoration on retired cranberry farms.
Manomet	Lizzie Schueler lschueler@manomet.org	www.manomet.org	Manomet uses science and collaboration to improve the health of flyways, coastal ecosystems, and working lands and seas.
Mass Audubon Tidmarsh Wildlife Sanctuary	Lauren Kras lkras@massaudubon.org	www.massaudubon.org/get-outdoors/wildlifesanctuaries/tidmarsh	Once a working cranberry farm, this landscape underwent the largest freshwater ecological restoration ever completed in the Northeast. Now Tidmarsh is a 481-acre property that's home to a vast expanse of cold-water streams, ponds, forest, and woodlands—all permanently protected and open for everyone to enjoy!
Network of Open Space Friends	Evelyn Strawn edstrawn@aol.com	www.facebook.com/groups/120386007991694	An umbrella network of volunteers whose goal is to facilitate communication among individuals and groups concerned with protecting open spaces in Plymouth and to initiate projects to protect and improve these spaces.

Organization	Contact	Website	Mission
Open Space Committee	Diane Peck dianegpeck@aol.com	www.plymouth-ma.gov/open-space-committee-0	The mission of the Plymouth Open Space Committee is to advocate for the conservation and maintenance of natural open space for current residents as well as for future generations in order to protect our aquifer, our environment, and the character of our town.
Save Our Bay	Henrietta Cosentino henrietta.cosentino@gmail.com	www.saveourbayma.com	Save Our Bay Ma. is a stakeholder coalition of conservation groups, industry groups, local leaders, and concerned citizens organized around a single goal: stopping Holtec and/or any of its subsidiaries from releasing or discarding any materials from the closed Pilgrim Nuclear Power Station into Cape Cod Bay or any nearby water source or drainage systems.
Save the Pine Barrens	Meg Sheehan megsheehan07@gmail.com	www.savethepinebarrens.org	Our mission is to conduct education, outreach and research to preserve, protect and steward land and water resources in Southeastern Massachusetts, including the Sole Source Aquifer and pine barrens ecosystems.
Six Ponds Improvement Association	Hampton Watkins hampton.watkins@gmail.com	https://sixponds.org/	The purpose of the Six Ponds Improvement Association is to educate and inform members and the public about environmental issues and other items of special concern to the residents of the Six Ponds area of Plymouth, Massachusetts.

Southeastern Massachusetts Pine Barrens Alliance (SEMPBA)	Sharl Heller slheller@comcast.net	https://pinebarrensalliance.org	The Southeastern Massachusetts Pine Barrens Alliance (SEMPBA) advocates for the protection, preservation and enlargement of the 40 natural communities that comprise our globally-rare ecoregion, the Massachusetts Coastal Pine Barrens. An all-volunteer non-profit SEMPBA has a successful track record of winning local, state and federal grants, then distributing the funds it raises to experts and established conservation entities who share their priorities and focus. SEMPBA's Conservation Center, within Plymouth's Center Hill Preserve, which they share with the Indigenous Resource Collaborative, is open to the public and is often the site of conservation workshops, educational trail walks, and citizen science projects.
Sustainability Committee, League of Women Voters Plymouth Area (LWV)	Evelyn Strawn edstrawn@aol.com	www.plymouthlwv.org	The mission of the Steering Committee for Climate Change is to inform and engage our communities, Duxbury, Kingston & Plymouth, on environmental issues and policies impacting Massachusetts, and to promote and support environmental policies, legislation and local action that are consistent with the best climate science and will ensure a stable climate system for future generations

Plymouth Area Climate Change/Sustainability Organizations

Organization	Contact	Website	Mission
Sustainable Plymouth	Andrea Dickinson SustainablePlymouth@g mail.com	www.sustainableplymouth.org	Sustainable Plymouth is a group of environmentally conscious volunteers living in the Plymouth, MA area. We focus on several areas of environmental sustainability, such as: climate change, pollution prevention, clean water, renewable energy, soil regeneration, reducing waste, etc. We hold monthly meetings where we discuss action items and solutions to some of the challenges facing our environment."
Water Conservation Committee	Eric Cody codyenerggroup@gmail .com	www.plymouth-ma.gov/water-conservation-commission	Town appointed committee working with the Plymouth Water Division Public Works and town organizations to promote and protect water through conservation efforts.
Whale & Dolphin Conservation	Regina Asmutis-Silvia regina@whales.org	https://us.whales.org	To educate people on the key role whales play in the ocean ecosystem and inspire global action to protect them. Save the whales, save the world.
Wildlands Trust	Karen Grey kgrey@wildlands.org	https://wildlands.org	Wildlands Trust works throughout Southeastern Massachusetts to permanently protect native habitats, farmland, and lands of high ecologic and scenic value that serve to keep our communities healthy and our residents connected to the natural world.
