## CPC Active Applications for consideration for Spring Town Meeting

**Housing:** Plymouth Area Coalition for the Homeless with a request for \$3 million from the CPC to build 24 to 27 family shelter units. Located at 54 Industrial Road. The total cost of the project \$6,978,000. The application was presented by Sue Giovanetti, Executive Director of the Coalition. Some advantages of this location for families is there is public transportation, schools and access to jobs. There would be two separate entrances to the renovated building, one for the tenants and one for public access to classes. If CPC funds are approved and State funds are received the building should be ready for occupancy by August of 2025. The building and units will be deed restricted. A motion was made to accept this application for Spring Town Meeting. Roll call vote: Shirley abstained; Hemberger, Buechs, Cavacco, Mahoney, Fornaciari and Keohan voted yes.

**Historic:** St. Catherine's Park application was received 12/4/23. The application was incomplete so it was not discussed.

**Housing:** Cranberry Commons at Redbrook with a request for \$4 million from the CPC. The total cost of the project \$25,050,000. The organization requesting funds is The Grantham Group, LLC, Marlborough,

MA. A. D. Makepeace donated 1.01 acres for this project. The proposal is to build 52 senior affordable units. This project will require state funds too. Grantham will also be applying to the Plymouth Housing Trust for \$500,000. Keohan has concerns about using public money funding for this project. Makepeace in 2008 began Redbrook Development and was getting permits and zoning changes. At that time Makepeace made a commitment to build 103 affordable units. To date, they have only built 15 units. There were many residents from the Redbrook Community at the meeting that opposed this project. The concerns were that a playground and trees would be removed and there would be insufficient parking places. Keohan reassured the residents that many of their concerns would be addressed by the Planning Board and Board of Appeals. Roll call vote: 4 - 2. Buechs, Cavacco, Mahoney and Hemberger yes; Keohan and Shirley opposed and Fornaciari abstained.

**Housing:** Megryco, Inc. is requesting \$960,000 to build 6 affordable units at 134 Court Street, the site of Davis Manor Project. Total units proposed on this site are 34. Currently there are 24 over fifty-five, 6 market-rate apartments, and 4 affordable apartments planned. Megryco will convert the 6 market-rate units to affordable to meet the needs of downtown. A motion passed to accept this application: Roll Call Vote: Keohan, Buechs, Cavacco, Hemberger, Mahoney and Shirley voted yes and Fornaciari abstained.

**Open Space:** Black Cat Road 111: Location Black Cat Road, 93.03 acres. Owner of the land is Makepeace F/H Acquisition Corp; it was acquired January 2008 from Black Cat Cranberry Corporation. CPA funding is to be determined. The property is subject to Chapter 61 and 61A liens and several other easements. Wildland Trust is the applicant and Scott MacFaden is the contact. This land is located at the headwater of Town Brook. David Gould, Director of Marine and Environment is overseeing this project but he does not negotiate with the owner. Negotiations about the price are still on the table. An appraisal is still needed. If purchased the bogs will be restored to wetlands. Other funding is available from state grants from 50% to 90% reimbursement for restorations of bogs to their natural state. Gould said restoring cranberry bogs to wetlands and natural state benefits the environment, encourages the return of wildlife and rare species and contributes to the health of our waterways, in this instance, Billington Sea, Town Brook and the inner harbor. The vote of the CPC was unanimous.

**Recreation:** Town Brook Trail Enhancement: Department of Marine and Environmental Affairs is requesting \$3 million CPA funding. The restrictions on the 1.320 acres are: as park land there is Article 97 protection under the state ensuring the land remain as park land and not be developed. The first part of the project will be the footbridge, sidewalk and lighting. The second phase will be pathways along Town Brook with lighting and attention to drainage issues. There was discussion by the committee to perhaps split the amount for the 2 phases. The motion to fund the full \$3 million for the project was passed by a unanimous roll call vote.

Separate motions and unanimous votes were taken by the committee to pay down Stephens Field by \$1,000,000, Jenney Pond by \$1,000,500 and Pilgrim Hall by \$733,201 as recommended by Lynne Barrett, Finance Director.

Keohan announced there would be an update on Stephens Field on Saturday, December 16, 2023. The public was invited to meet at the Overlook on Sandwich Street at 10 AM.

The meeting adjourned at 9:05 PM.

## Respectfully submitted: Ginny Davis, LWV, Observer Corps.
